## **Note 1. Material accounting policy information**

These general purpose financial statements for the interim half-year reporting period ended 30 June 2025 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 31 December 2024 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

### **New or amended Accounting Standards and Interpretations adopted**

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Group.

All of the relevant new and revised Standards and Interpretations that are not yet mandatory have been review and the Directors have determined that there will not be a material effect on Group accounting policies in future financial periods.

### **Going concern**

The Group's financial statements are prepared on the going concern basis which assumes continuity of normal business activities and the realisation of assets and settlement of liabilities and commitments in the normal course of business.

During the half-year ended 30 June 2025, the Group incurred an operating loss of \$1,056,521, had net cash outflow from operating activities of \$241,751 and as at 30 June 2025 had net current liabilities of \$371,997.

The ability of the Group to continue to as a going concern is dependent on a number of matters including:

- On 2 July 2025 the cash position increase by a further \$1,023,118 relating to Non-Renounceable Entitlement Offer proceeds received after 30 June 2025.
- The Group is exploring various strategic options to enhance liquidity and future cashflows from existing projects including the potential introduction of joint venture partners, short – term production opportunities, and the partial sale of projects, and
- The Group is considering raising further equity sufficient to sustain planned operations.

In the event the Group is unable to achieve the above plan, in particular the raising of capital funding, it will result in a material uncertainty that may cast significant doubt about the ability of the Group to continue as a going concern and accordingly to realise its assets and extinguish its liabilities in the ordinary course of the operations and at amounts to those stated in the financial statements.

The financial statements do not include any adjustments relating to the recoverability and classification of assets carrying amounts or to the amounts and classification of liabilities that might result should the Group be unable to continue as a going concern and meet its debts as and when they fall due.

## **Note 2. Critical accounting judgements, estimates and assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. There are no critical accounting judgements, estimates and assumptions that are likely to affect the current or future financial years.

**Magnum Mining and Exploration Ltd**  
**Notes to the financial statements**  
**30 June 2025**

**Note 2. Critical accounting judgements, estimates and assumptions (continued)**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Actual results may differ from the reported amounts.

In preparing this half year financial report, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report for the year ended 31 December 2024.

**Note 3. Operating segments**

For management purposes the chief operating decision maker, being the Board of Directors of Magnum Mining and Exploration Limited, reports its results per geographical segment.

The following table presents the financial information regarding these segments provided to the Board of Directors for the half-years ended 30 June 2025 and 30 June 2024.

The recoverability of the carrying amount of exploration assets is dependent upon further exploration and exploitation of commercially viable mineral deposits.

Exploration and evaluation expenditure for areas of interest for which rights of tenure are current is carried forward as an asset where it is expected that the expenditure will be recovered through the successful development of an area or by its sale; or exploration activities are continuing in an area and activities have not reached a stage which permits a reasonable estimate of the existence of economically recoverable reserves. Where a project or an area has been abandoned, the expenditure incurred thereon is written off in the year in which the decision is made.

In order to maintain current rights of tenure to exploration tenements, the Group is required to comply with the minimum expenditure obligations under the Mining Act. These obligations have been met. The future obligations which are subject to renegotiation when an application for a mining lease is made and at other times are not provided for in the financial statements.

A provision for rehabilitation has been recognised for the estimated costs to rehabilitate the land disturbed by mining operations at the Beuna Vista project.

The rehabilitation provision is subject to discounting to present value where the effect of the time value of money is significant. The discount factor applied to the rehabilitation provision has an impact in the carrying amount of the provision as presented in the financial statements. The use of a discount factor results in a lower carrying amount of the rehabilitation provision compared to its undiscounted value.

The finance cost (unwinding of provision) on the rehabilitation provision is immaterial.

**INDEPENDENT AUDITOR'S REVIEW REPORT  
TO THE MEMBERS OF MAGNUM MINING AND EXPLORATION LTD**

**Conclusion**

We have reviewed the half-year financial report of Magnum Mining and Exploration Limited (the company) and its controlled entities (the group), which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year then ended, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the group does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the group financial position as at 30 June 2025 and of its performance for the half year ended on that date; and
- (b) complying with Accounting Standard AASB 134: *Interim Financial Reporting and the Corporations Regulations 2001*.

**Basis for Conclusion**

We conducted our review in accordance with ASRE 2410: *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

**Material Uncertainty Related to Going Concern**

We draw attention to Note 1 in the financial report, which indicates that the group incurred a net loss of \$1,056,520 and had net cash outflows from operating activities of \$241,749 during the half year ended 30 June 2025. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

**Responsibility of the Directors for the Financial Report**

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REVIEW REPORT  
TO THE MEMBERS OF MAGNUM MINING AND EXPLORATION LTD

*Auditor's Responsibility for the Review of the Financial Report*

ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the group's financial position as at 30 June 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
