

QUARTERLY REPORT 30 SEPTEMBER 2008

MAGNUM MINING AND EXPLORATION LIMITED

("Magnum" or the "Company") (ASX:MGU.AX)

HIGHLIGHTS

- **Company receives preliminary interest from potential development partners for the Tantalite Valley Project**
-

OPERATIONS

Tantalite Valley Project, Namibia

The Tantalite Valley project is located on Mining Licence 77, near Karasburg and Warmbad, within the Magisterial district of Karas in the south of Namibia.

The Company has now established a permanent presence at Site, whilst attempting to further facilitate expansion activities in relation to the existing infrastructure, which the Company has continued to build upon during the previous quarters.

During the previous quarter the Company formulated a strategy to forge an alliance with a tantalite mining house or end-user, to assist in the development of the project and hence reduce our commitment to both the initial Capital Costs and future Operating Costs respectively. During the September quarter the Company received preliminary interest from parties interested in pursuing such a strategy and the possible formation of a suitable alliance to develop the project. Discussions with these parties are currently ongoing.

Magnum will continue to pursue the strategy as set out above, although it is yet to be determined how the recent economic turmoil will impact on Magnum's capacity to implement the strategy of forging such an alliance.
